Systems FAC Conference Call
27 November 2001

1. This meeting was spent firming up and defining the list of topics to be on the agenda for the meeting with Bentley Systems on December 4 and 5, 2001 in Jekyll Island. Each topic was assigned a lead person to flesh out the topic a bit more and to present the issue at the meeting. The list of topics and leads are as follows:

    A. Licensing Issues and Mstn V8 application release dates – Mary Diel
    B. Autocad translations - Glen Kato
    C. Standards based A/E workflows – Steve Hutsell/Mike Watson
    D. Detail inputs and subsequent changes – Stan Shirk
    E. Model space vs. sheet files – Ed Mathison
    F. IAI/IFC Compliance/Interoperability – John Kincaid
    G. ProjectWise – Steve Hutsell
    H. Civil Engineering appl. Development (Inroads vs. GeoPak) – Santiago Mor/Debbie Solis
    I. GIS and databases – John Kincaid
    J. COE generated Microstation punch list – Lori Taylor

2. Next Meeting: Tuesday, Dec. 4, 2001, Jekyll Island Club House, 8 am EST.
